

AlMAGIC

HEALTH AND COMFORT

EXPERIENCE **FIVE-STAR COMFORT** ALL YEAR ROUND
WITH TECHNOLOGY DEVELOPED AND MANUFACTURED IN EUROPE.

almagic.cool

A1 MAGIC TECHNOLOGY FEATURES:

-  Powerful residential ventilation 50 – 450 m³/h
-  Integrated high power cooling & heating
-  0 watt electricity needed for frost protection
-  Smart room-by-room control
-  Active hygienic superefficient humidification
-  Easy home automation
-  Humidity recovery as standard

BIG MAGIC

Ventilation unit with a brand new heat exchanger, which in addition to heat also recovers humidity.

This unique heat exchanger ensures extreme frost resistance without additional electricity consumption.

AIR FLOW*	50 – 450 m ³ /h
EFFICIENCY OF HEAT RECOVERY*	UP TO 95 %
EFFICIENCY OF HUMIDITY RECOVERY*	MORE THAN 70 %
OPERATING RANGE WITHOUT PREHEATER*	-20 °C / +45 °C
COOL MAGIC HEATING POWER*	UP TO 4.52 kW
COOL MAGIC COOLING POWER** **	UPTO 5.78 kW
DIMENSIONS (H × W × D)*	1100 × 986 × 550 mm
WEIGHT*	55 kg
ECOLABEL*	A+

TOTAL MAGIC

New generation of room-by-room ventilation control, which autonomously adjusts the air volume for each room according to real-time demand.

A1 MAGIC SMART HOME

-  Heating and cooling control
-  Ventilation control
-  Blinds control
-  Lights control
